Re: Columbia Falls Aluminum Plant Superfund Site ID#A8-82; Cost Recovery Package

Dear Mr. Otis,

In response to your request for backup documentation to the full cost summary included in the EPA's General Notice of Liability and Demand letter dated June 9, 2015, enclosed please find a disk containing the source documents for the costs listed in the summary. A second copy of the disk is also enclosed as a courtesy. Instructions for viewing the documents are printed on the face of each disk. Please also find enclosed a copy of the fully executed confidentiality agreement that covers the Confidential Business Information included on the disks.

As we discussed on our September 21, 2015 conference call, the total costs included in this disk are higher than the total indicated in the cost summary from June. You will find the differences from the initial cost summary in the sections titled "Technical and Analytical Support Services" and "Financial Cost Summary Report for CLP".

If you have any questions, please contact Mark Chalfant, EPA Enforcement Attorney at (303) 312-6177 or me at (206) 553-6693.

Sincerely,

Scott Wilder
Enforcement Specialist
